EXPERIENCE

Junior UI/UX Designer

Northstar Digital Studio

2025 - Present

- Created responsive interfaces for marketing websites and web applications.
- Built wireframes, component libraries, and high-fidelity Figma prototypes.
- Worked with developers to improve spacing, hierarchy, accessibility, and handoff clarity.

UI/UX Design Intern

Pixel & Product Lab

2024 - 2025

- Supported user-flow mapping and early-stage wireframes for mobile products.
- Prepared visual directions and reusable UI patterns for client presentations.
- Iterated designs from review feedback while maintaining consistent design systems.

SELECTED PROJECTS

Alpine - E-commerce Website

Designed a premium shopping flow with clearer navigation, product hierarchy, and responsive layouts.

Pickle Me - Sports App

Designed a mobile experience for discovering tournaments, news, matches, and results.

Wavve - Music App

Explored a modern music discovery experience with playlists, albums, and recommendations.

Nike - Shopping Concept

Designed a streamlined sportswear browsing and checkout experience for practice.

APPROACH

Research -> User Flows -> Wireframes -> UI Design -> Prototype -> Developer Handoff
